Re: Use of Spectrum Bands Above 24 GHz for Mobile Radio Services, GN Docket No. 14-177; IB Docket No. 15-256; WT Docket No. 10-112; IB Docket No. 97-95

Dear Ms. Dortch,

On October 23, 2018, Stacey Black, Terry Chevalier, Michael Goggin, Hank Hultquist, Thomas Lowe, and the undersigned of AT&T, along with Eric DeSilva of DLA Piper LLP (counsel to AT&T) and James Bono and Allan Ingraham of Economists Inc. (consultants to AT&T) met with Simon Banyai, Jonathan Campbell, Eric Salovaara (via telephone), Blaise Scinto, Dana Shaffer, Martha Stancill, Donald Stockdale, Joel Taubenblatt, Jennifer Tomchin (via telephone), and Margaret Wiener of the Wireless Telecommunications Bureau, Douglas Klein and Max Staloff of the Office of General Counsel, and Paul Lafontaine of the Office of Strategic Planning & Policy.

During the meeting, AT&T discussed the Commission's proposed auction design for the 37.6-40.0 GHz band ("39 GHz auction"). In particular, the parties discussed the Commission's proposed pre-auction voucher exchange, including issues specific to incumbents who exchange vouchers with an intent to participate in the auction and incumbents who exchange vouchers with an intent to retain their existing spectrum holdings without participation in the clock phase of the 39 GHz auction. AT&T also discussed the Commission's Public Notice process for effectuating license exchanges in the 39 GHz band and issues related to AT&T's 5G launch more generally.

Please contact the undersigned with any questions regarding this submission.

Best regards,

/s/ Jessica B. Lyons
